

# Burpengary Meadows State School

## School review conducted 23 to 27 July 2021

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

### Review highlights

- ✓ Respectful relationships are noted by all stakeholders across the school.
- ✓ Local childcare services and parents describe effective practices supporting transitional arrangements.
- ✓ Structured observation and feedback supports reading expectation across the school.
- ✓ 'How We Do Business' are local frameworks built with staff to guide core business.

### Consultation

**Total of 133 interviews**

**9 community members and stakeholders**

**54 school staff**

**38 students**

**32 parents and carers**

**Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...**

- ➔ Strengthen and expand the systematic approaches used across the school that facilitate the rigorous focus of challenging students to reach their full potential.
- ➔ Strengthen approaches that further develop teacher knowledge and understanding of the Australian Curriculum within and across year levels, including the general capabilities and cross-curriculum priorities.
- ➔ Develop a shared mindset about inclusive education leading to clarity for all staff members regarding how it should look in the school, supported by regional personnel to ensure the emerging processes fully align with legislative requirements.
- ➔ Utilise the existing expertise in the school to support teachers in developing their skills in effectively differentiating for the full range of student learners in their class, including consideration for the needs of high achieving students.
